

Recommended Postcard Organizations 2023-24

[Let's take back the House in 2024 by starting outreach to voters in California now](#)

We are excited to launch our FIRST Congressional postcard campaign for the 2024 election. We're starting with three of our top priorities in California: the seats held by Republican Congressmen David Valadao (CA-22), Mike Garcia (CA-27), and Ken Calvert (CA-41).

All three voted NO on one of Democrats' signature accomplishments: the Inflation Reduction Act. Among the many great things the IRA did for everyday Americans, it capped the cost of insulin to just \$35 a month for people on Medicare, pressuring major insulin producers to offer that rate to everyone.

2023 Postcard Campaign: No Off Years! High Potential Native Voters

In 2023, our team must reach every high-potential Native Democratic voter on Navajo, Hopi, and White Mountain Apache lands in Northeast Arizona. With your help, we can empower Native voices in Arizona politics to vote for a Blue Arizona. Our organization has no "off" years - the Presidential election may be in 2024, but our voters are there every year and building our relationship does not take a year off. Request addresses through mobilize. Addresses are sent out on Fridays: June 9 – November 17. No special postcards. Contact: <https://www.mobilize.us/mobilize/event/527542/>
